TAIWANIA

TAIWANIA is published annually by the Botany Department of the National Taiwan University.

This bulletin publishes scientific contributions of original research in all branches of botany.

This tenth issue of TAIWANIA is respectfully dedicated to Dr. Shun-Ching Lee who is this year retiring from active teaching. During his long and useful life, Prof. Lee has made a great contribution to our knowledge of the botany of China and has been an inspiration to the thousands of students who have studied in his classes.

Business correspondence should be addressed to the Head of the Botany Department, National Taiwan University, Taipei, Taiwan.
