Taiwania is issued quarterly, in March, June, September, and December, with one volume per year. Papers are published in English with a Chinese abstract.

Taiwania is open for papers on all aspects of life sciences. The privilege of publication in the journal is not restricted to members of the institute; contributions from worldwide researchers are welcome. Papers submitted to this journal must be original and have not been published elsewhere. **Instructions to Authors** are notified in the following page. Copies can be obtained from the **Editorial Office, College of Life Science, National Taiwan University, No. 1, Section 4, Roosevelt Road, Taipei 106, Taiwan**. **Taiwania** is available online from the website (<http://tai2.ntu.edu.tw/taiwania> or <http://www.press.ntu.edu.tw>) of National Taiwan University since 1988 as well as in the print edition. **Taiwania** is covered by major abstracting and indexing services, such as Biosis, CAB Abstracts et al.

Acknowledgements: **Taiwania** has been honored to be the recipient of the Excellent Academic Journal Award from the National Science Council since 1996. Editorial Board of **Taiwania** acknowledges National Taiwan University for providing partial publication cost.

Cover Photo: *Bulbophyllum tenuislinguae* T.P. Lin & S.H. Wu was discovered in February 2012 by Ms. King-Chi Wu on the way to climb Hakanni Mt., Miaoli Co. at an elevation of 1700 m. From an uprooted tree trunk she was surprised to see the flower so different otherwise the vegetative part exactly same to the *B. drymoglossum*. The pink tinged flower of *B. tenuislinguae* has a size similar to the round leaf, and larger than flowers in most species of pseudobulb-less *bulbophyllum*. Because this discovery and another new plant *B. hymenanthum* Hk. F., reported in this same paper make the genus *Bulbophyllum* reaches 32 species, the largest genus in orchid family native to Taiwan. Photographed by Tsan-Piao Lin.
